## **Chinese Culture 2004**

seminar paper from the year 2017 in the subject orientalism sinology chinese china grade 1 7 university of würzburg course modernes chinesisches language english abstract the artistic counter poles of the cultural revolution are to be analysed with the aim of showing how art was created and used as a propaganda stunt or treated with hostility in favour of the cultural revolution in china thus the author of this term paper starts to introduce the subject with the presentation of the chronological sequence of the cultural revolution the main focus however lies on research questions such as who were the influential artists or artist groups of the cultural revolution how did their works of art influence chinese politics and the population during the cultural revolution which artist or groups of artists supported the cultural revolution and who was against it how were artistic supporters and opponents of the cultural revolution treated

## **China and the Jewish People 2018-09-13**

during the 1920s china s intellectuals called for a new literature a new system of thought and new orientation towards modern life commonly known as the may fourth movement or the new culture movement this intellectual momentum spilled beyond china into the overseas chinese communities this work analyzes the new culture movement from a diaspora perspective namely that of the overseas chinese in singapore because they were members of a diaspora the chinese in singapore first had to imagine themselves as part of the chinese nation before they could fully participate in the movement also singapore s new culture advocates adopted then amended the movement s basic ideas to fit their situation this work furthers our understanding of transnationalism and reminds us that in our rush to deconstruct the nation we should remember the discursive power of nationalism as it both enhances and restricts the authority of its advocates

## **Origins of Chinese Culture (2010 Edition - EPUB) 2013-10-22**

## **An Illustrated Brief History of China 2016-05-03**

chinese civil society groups have achieved iconic policy advocacy successes in the areas of environmental protection women s rights poverty alleviation and public health this book examines why some groups are successful in policy advocacy within the authoritarian context while others fail a mechanism of cultural resonance is introduced as an innovative theoretical framework to systematically compare interactions between chinese civil society and the government in different movements it is argued that civil society advocacy results depend largely on whether advocates can achieve cultural resonance with policymakers and the mainstream public through their social performances the effective performance is the one in which advocates employ symbols embraced by the audience policymakers and the public in their actions and framings while many studies have tried to explain the phenomena of successful policy advocacy in china through institutional or organizational factors this book not only contains extensive empirical data based on field research but takes a cultural sociological turn to identify the meaning making process behind advocacy actions civil society in china will appeal to students and scholars of sociology political science social work and chinese and asian studies more broadly
