they grew up together as the closest of friends and then more when sara nolan and jaxon barlow decided to be together their relationship as a young couple was consumed by a love that was both passionate and beautiful sara had it all when it came to a boyfriend romance trust and a protector of all things bad jaxon had given her his bleeding heart for the keeping the last thing sara expected was to ruin it all falling into a darkness that turned her loving relationship into a chaos of deceit and violence she walked away from the pain she was inflicting on the man she loved never seeking to return again but when sara is forced to return to her hometown she didn't anticipate for jaxon to be there nor does she anticipate the change in him a change so harsh and callous he is a stranger with a dangerous agenda of his own ignited by her past feelings and the reminder of the guilt she carries in her heart sara attempts to avoid jaxon at all costs only to find herself trying to pull him out of the same darkness she was once in book 1 is intended for mature readers this is part 1 of two books ignite 2 titled burn is out now

Captive

2020-02-20

a full length standalone book she's his captive he's her captor their relationship is a volatile push and pull he plays the villain and she plays the victim each play their roles to a tee one buries the past to forget the other fights to remind the other how they began she is desperate to escape he is desperate to keep her one thing is clear only one will be left standing at the end

Photosynthesis: Molecular Approaches to Solar Energy Conversion

2021-09-09

in the modern world to meet increasing energy demands we need to develop new technologies allowing us to use eco friendly carbon neutral energy sources solar energy as the most promising renewable source could be the way to solve that problem but it is variable depending on day time and season from this side the understanding of photosynthesis process could be of significant help for us to develop effective strategies of solar energy capturing conversion and storage plants algae and cyanobacteria perform photosynthesis annually producing around 100 billion tons of dry biomass presently the detailed studies of photosynthetic system structure make functional investigations of the photosynthetic process available allowing scientists to construct artificial systems for solar energy transduction this book summarizes exciting achievements in understanding of photosynthetic structures and mechanisms of this process made by world leaders in photosynthesis field and contains information about modern ideas in development of revolutionary new

technologies of energy conversion organized according to the natural sequence of events occurring during photosynthesis the book includes information of both photosynthetic structures and mechanisms and its applications in bioenergetics issues

Gable (The Powers That Be, Book 1)

2014-12-31

ivy sensed the stone hurtling towards her and rolled too late heat scored across her back in a blaze of dazzling pain the ground spiralled to meet her and she knew it would only be seconds before she hit ivy is a determined young faery living in an abandoned tin mine with her clan in a cruel twist of fate she was born without wings and she longs to fly like the others when she meets an enigmatic stranger he seems to offer an answer but there is more to him than meets the eye and more secrets in ivy's world than she ever realised a compelling new novel from the bestselling author of knife rebel and arrow

When Cultures Collide

2010-11-26

the inspiration for the major motion picture oppenheimer a riveting account

of one of history's most essential and paradoxical figures christopher nolan
 1 new york times bestseller pulitzer prize winner the definitive biography of
 j robert oppenheimer one of the iconic figures of the twentieth century a
 brilliant physicist who led the effort to build the atomic bomb for his
 country in a time of war and who later found himself confronting the moral
 consequences of scientific progress in this magisterial acclaimed biography
 twenty five years in the making kai bird and martin sherwin capture
 oppenheimer's life and times from his early career to his central role in the
 cold war this is biography and history at its finest riveting and deeply
 informative a masterful account of oppenheimer's rise and fall set in the
 context of the turbulent decades of america's own transformation it is a tour
 de force los angeles times book review a work of voluminous scholarship and
 lucid insight unifying its multifaceted portrait with a keen grasp of
 oppenheimer's essential nature it succeeds in deeply fathoming his most
 damaging self contradictory behavior the new york times

Swift

could i have saved him when my life changed in that smoky second confusion
 rained down around me like sparks from a fire yet i found myself falling for
 an attractive stranger i met in a dark park at night i should have been
 smarter if i had been i would have noticed the smothering lies that
 culminated into unfortunate truths maybe my brother would still be alive at
 twenty five i thought i had life men and my future figured out as it turns
 out i don't and i'm still not sure who to believe in this romantic suspense
 you will wonder how dark your world can get before all you see is red

The Stranger's Vade Mecum: Or, Liverpool Described

1855

from douglas adams the legendary author of one of the most beloved science
 fiction novels of all time the hitchhiker's guide to the galaxy comes a
 wildly inventive novel in trade paperback for the first time of ghosts time
 travel and one detective's mission to save humanity from extinction quirky
 and bumbling private investigator dirk gently stumbles upon a ghost millions
 of years old wandering the earth and disturbing its people dirk soon
 discovers this phantom yearns for more than a good haunting it is desperately
 trying to go back in time to prevent its own death but this ghost was no
 ordinary person and helping it save itself just might change the modern world
 as we know it and not in a good way endlessly entertaining dirk gently's
 holistic detective agency proves that indeed few writers have had such an
 infectious prose style as adams the observer as dirk gently tries to solve
 the mysteries of the universe and the human soul readers will have their own
 mystery to solve where did the time go

the second book in the acadia duology a forbidden friends to lovers romance from the new york times bestselling author of archer s voice when the world as you know it has ended when all that you love has been washed away where do you find strength calder and eden are free from the stifling grasp of acadia but the new world they ve stepped into is just as isolating each convinced the other died in the flood that decimated their community they re forced into modern life hearts broken futures unclear after all they sacrificed to be together a life without one another forever haunted by grief and memories seems impossible to bear but they do bear it they survive and when they meet by chance years later happiness for once finally seems within their grasp still the past is a bright burning pain between them and calder and eden cannot truly move on until they lay it to rest with acadia s story forced into the public eye and dangerous questions mounting the two must untangle the truths of the life they came from to discover who they are and who they might become together only what they discover might drown them for good

Modules, Systems, and Applications in Thermoelectrics

2019-09-02

for a long time i have wanted to put together a book about social and evaluation anxiety social evaluation anxiety seemed to be a stressful part of so many people s everyday experience it also seemed to be apart of so many of the clinical problems that i worked with common terms that fit under this rubric include fears of rejection humiliation criticism embarrassment ridicule failure and abandonment examples of social and evaluation anxiety include shyness social inhibition social timidity public speaking anxiety feelings of self consciousness and awkwardness in social situations test anxiety performance anxiety in sports theater dance or music shame guilt separation anxiety social withdrawal procrastination and fear of job interviews or job evaluations of asking someone out of not making a good impression or of appearing stupid foolish or physically unattractive in its extreme form social anxiety is a behavior disorder in its own right social phobia this involves not only feelings of anxiety but also avoidance and withdrawal from social situations in which scrutiny and negative evaluation are anticipated social evaluation anxiety also plays a role in other clinical disorders for example people with agoraphobia are afraid of having a panic attack in public in part because they fear making a spectacle of themselves moreover even their dominant terrors of going crazy or having a heart attack seem to reflect a central concern with social abandonment and isolation

Handbook of Social and Evaluation Anxiety

2009-04-28

travel and home in homer s odyssey and contemporary literature brings homer s odyssey together with contemporary literary texts ranging from rebecca west s the return of the soldier to marilynne robinson s housekeeping and cormac mccarthy s the road to produce new readings that reframe reorient and ultimately revise aspects of homer s iconic story of travel and home while some novels share with the odyssey a celebration of the creative process of improvisation to rethink the relationship between home and travel others draw upon nostalgia our complicated longing for home to unsettle the inevitability of return rather than offering an explicit retelling of homer s poem each of these novels prompts us to revisit the relationship between travel and home that odysseus and penelope embody to ask new questions of that well read text does travel reinforce or destabilize our notion of home are mobility and domesticity irrevocably gendered or can we imagine a world in which penelope travels and odysseus stays home just as odysseus continually reinvents his own identity with each new encounter both abroad and at home so too we as readers participate in an improvisatory interpretive experiment of our own this volume sets out a new model for reading ancient and contemporary texts together one that challenges the conventional chronological assumptions inherent in many works of classical reception no longer a stable text to which we as readers return time and again to find it the same the odyssey together with the novels with which it engages changes and adapts with each new literary encounter

Spell Hunter

2001-09-27

from the author of the beloved new york times best selling the end of your life book club an inspiring and magical exploration of the power of books to shape our lives in an era of constant connectivity a gift and one that keeps giving usa today for will schwalbe reading is a way to entertain himself but also to make sense of the world and to find the answers to life s questions big and small in each chapter he discusses a particular book and how it relates to concerns we all share these books span centuries and genres from stuart little to the girl on the train from david copperfield to wonder from giovanni s room to rebecca and from 1984 to gifts from the sea throughout schwalbe tells stories from his life and focuses on the way certain books can help us honor those we ve loved and lost and also figure out how to live each day more fully
