in babel political rhetoric of a confused legacy samuel l boyd offers a new reading of the tower of babel in genesis 11 1 9 using recent insights on the rhetoric of neo assyrian politics and its ideology of governance as well as advances in biblical studies boyd shows how the tower of babel was not originally about a tower babylon or the advent of multilingualism at least in the earliest phases of the

history and literary context of the story rather the narrative was a critique against the assyrian empire using themes of human overreach found in many places in genesis 1 11 boyd clarifies how idioms of assyrian governance could have found their way into the biblical text and how the hebrew of genesis 11 1 9 itself leads to a different translation of the passage than found in versions of the bible one that does not involve language this new reading sheds light on how the story became about language boyd argues that this new understanding of babel also illuminates aspects of the call of abram when the tower of babel is interpreted as a story about something other than the origin of multilingualism finally he frames the historical critical research on the biblical passage and its reception in ancient jewish christian and islamic sources with the uses of the tower of babel in modern politics of language and nationalism he demonstrates how and why genesis 11 1 9 has become so useful in often detrimental ways to the modern nation state boyd explores this intellectual history of the passage into current events in the twenty first century and offers perspectives on how a new reading of the tower of babel can speak to the current cultural and political moment and offer correctives on the uses and abuses of the bible in the public sphere

does your church seem more like a club than a true family do brother and sister seem like awkward labels given to people you don't really know does something seem missing from your christian life using covid 19 as a timely example living with babel explores how we live as christians in the modern world it provides insights that will transform your perspective your understanding of scripture and your discipleship to jesus christ learn how you can find true peace true faith true family and true purpose in your life discover how precious you are to god and how vital you are to freeing the world around you through his truth and power millions of christians of every denomination have been led to believe that the modern church having grown and existed for almost 2000 years since its founding must be true to christ indeed that thousands of churches books and pastors seek to make true disciples within this evolved church would seem to give this assumption credence yet the bible itself speaks to a very different discipleship a discipleship that jesus himself demonstrated and commanded his disciples to have whether we enter through the narrow gate depends on our discipleship it is evident that our decaying modern culture is increasingly abandoning belief in god and in the godly principles of the past despite the continued presence of the church within it this fact alone should give us pause to question if the church is truly a city on a hill why is it so hidden in the world are the ministries we undertake really building the kingdom is the fellowship we have truly edifying and healing one another living with babel begins with the nature of mankind demonstrating through the story of the tower of babel in the bible genesis 11 1 9 how human beings and the culture of today are essentially no different from the time of babel the builders of babel used brick to build a tower so tall that it would exceed the power of god likewise today mankind has embraced science technology medicine and humanism in its own attempt to be god the same fallen nature of mankind persists living with babel explores this fallen worldly and technological landscape using covid 19 as a case study to examine the pandemic from secular modern christian and biblical perspectives through a history of the church from its founding to the modern day it also examines the developments and heresies that have contributed to undermining the true purpose and fulfillment of the church its conclusions provide the truth of how the evolution of the church has led believers away from true discipleship and true fellowship to a superficial co-existence with the culture that inevitably leaves both believing and unbelieving untransformed to the kingdom recognizing this reality living with babel testifies to what scripture says true discipleship to jesus christ should be it breaks the chains and misconceptions formed over centuries to reveal our true purpose in god's plan of redemption for our fallen world it is a guide on how to live with babel
